MANIX TEEN READING COMPETITION 2008

- Manix ran for 6 weeks, 23 June – 01 August 2008.
- Over the comparable period of 4 months, the month with the highest circulation figures for teen i-type materials was July for all branches except MY and MM (only a minor decrease in issues when compared with their highest issuing month of April).
- Manix has a direct effect on the circulation of materials from the teen collections.
- School holidays also have a direct effect on circulation figures.
